Sub: Webinar on Harmonic Analysis using ETAP - Request for Permission - Reg.

The department of Electrical & Electronics Engineering is organizing a guest lecturer in association with IEEE Student Branch for the B. Tech., III Semester Students. Details of the lecture is as follows

Topic of the Webinar	Harmonic Analysis using ETAP
Resource Person	Mr. Santosh Gupta, Power Systems Consultant
Date	30.01.2022
Time	11.00 to 12.00pm
Faculty Coordinator	Mr. S. Khader Vali, Assistant Professor
Mode of Lecture	Online (ZOOM)

In this context, I request you to give permission to conduct the above said program.
Thanking You Sir,

Yours Obediently

Activity Report

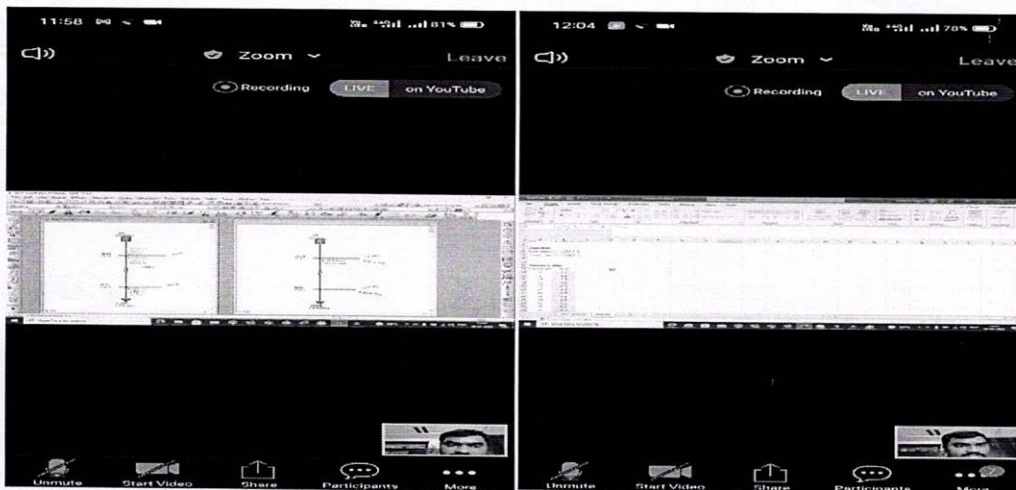

Name of the Activity	:	Webinar
Title of the Webinar	:	Harmonic Analysis using ETAP
Date of the Webinar	:	30.01.2022
Scheduled Time	:	11.00 to 12.30pm
Resource Person	:	Mr. Santosh Gupta, Power Systems Consultant
Target Audience	:	B. Tech., III Semester Students
No. of Students Attended	:	42
Co-coordinator	:	Mr. S. Khader Vali, Assistant Professor
Platform	:	Online (ZOOM)

Activity Description:

Department of EEE in association with HIEE organized a Webinar on "Harmonic Analysis using ETAP". The Resource person explained about harmonics as follows

- With the Harmonic Analysis module, you can simulate harmonic current and voltage sources, identify harmonic problems, reduce nuisance trips, design and test filters, and report harmonic voltage and current distortion limit violations.
- Comprehensive load flow and frequency calculations can be performed using detailed harmonic source models and power system component frequency models.
- Some of the results are shown graphically, including harmonic order, harmonic spectrum plots, and harmonic waveform plots, as well as Crystal Reports.

The Faculty and students interacted with resource person and clarified their doubts and finally HoD given the concluding remarks.
