Student Course Survey
(R15 Regulations)

Dear Student,

You are requested to provide your valuable feedback on the courses (subjects) you have studied in the previous semester and answer all the queries given. This will help us in understanding the relevance of the subjects to the program of study and analyze whether any modifications or enhancements are needed.

Course: B.Tech-VI Semester (R15)

Course Name: Managerial Economics & Financial Analysis (1525601)

Student Name: K. Gnanaswara Reddy

Registration Number: 179Y1A0137

Email: gnanaswarareddy@gmail.com

Depth of the Course Content

- Excellent
- Very Good
- Good
- Satisfactory

Suggestions to improve the course syllabus:

Students Feedback

Analysis and action taken report

Based on received feedback from the students a consolidated analysis statement is prepared and appropriate actions are taken which are notified in the following table.

S.No	Consolidated feedback	ActionTaken
1	In most of the courses across the department students have given good to very good feedback for depth of course content, extent of coverage of course, applicability and reliance to real life situations, learning values, clarity and relevance of textual reading material, relevance of additional source material, extent of effort required by students and overall rating.	Additional-resources such as e-books, NPTEL video lectures, etc. were collected in the subjects where additional source material was just satisfactory and is available for access to all faculty and students.
2	In few courses students have felt that the relevance of additional source material and extent of effort required by students is only satisfactory.	In subjects where extent of effort required is more, it is decided to conduct remedial classes from then extra academic year onwards.
3	Students suggested to have value added courses, certificate courses or skill courses in the curriculum.	It is decided to conduct hands on training sessions, workshops on soft skills related to core, guest lectures by eminent personalities in core industry, industrial visits, social relevant projects and Hackathons.

INTRODUCTION

The institution collects feedback on curriculum aspects and courses from different stakeholders such as students, alumni, faculty, and employers. Once the feedback is analyzed and valuable suggestions given were considered and necessary actions were executed.

Table1: Students feedback and action taken report

Based on the Students feedback, appropriate changes were made as is notified in the following table.

S.No	FEEDBACK	ACTION TAKEN
1.	Required more industry interactions	Included Internships in R-18 curriculum
2.	Required more job oriented courses	Introduced IoT theory and lab in R-18 curriculum. More choice is given for Professional Electives.
3	Required More skill Courses	Skill courses are conducted in various domains such as IoT, Embedded systems, Arduino programming etc.
4.	Required more training for Placements	Specific Placement trainings are given

Table2: Teachers feedback and action taken report

Teacher's feedback is very informative to better the existing situation. It is based on the feedback listed action were taken as reported in the table below

S.No.	FEEDBACK	ACTION TAKEN REPORT
1	Teachers are appointed as a part of curriculum development committee. Suggestions from all faculties regarding curriculum revision are considered. Inputs are taken for revision of syllabus.	Each Department has the Board of Studies (BoS) meeting twice a year. Feedback given by the subject teachers were put forward to the committee for Consideration and the recommendations were implemented
2.	Group assignments and projects to be given.	Social relevant projects are introduced in R 18 curriculum. Assignments are considered for evaluation in R 18.
3.	Required to improve communication skills	Advanced English communication lab is introduced. More extracurricular activities are conducted

Table3: Parents feedback and action taken report

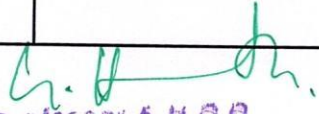

The feedback from parents and in response the action taken is illustrated in the following table.

S.No	FEEDBACK	ACTION TAKEN
1.	Required more communication skills	Advanced English communication lab is introduced. More extracurricular activities are conducted
2.	Suggested to improve CRT	CRT is conducted from II year onwards

Table4: Alumni feedback action taken report

The alumni appreciated the existing pattern of education, they suggested to give more stress to research activities, capacity building and skill training program and the action taken report were given below.

S.No.	FEEDBACK	ACTION TAKEN
1.	More emphasis should be on the Applications of the opted field of study. Focus more on inter-disciplinary activities of many courses.	Inter-disciplinary final year projects were encouraged. Inter departmental research initiatives was encouraged
2.	Better to include Machine Learning subject or lab. These are the skills people are asking now a days	Certifications courses are organized on Machine learning.
3.	The labs need to change with according to the industry standard and requirement most of the experiments are going in vain when requirement outside is asking some other skill.	IoT lab is established with the help of Edgate technologies, Bangalore.

Students Feedback

Analysis and action taken report

Based on received feedback from the students a consolidated analysis statement is prepared and appropriate actions are taken which are notified in the following table.

S.No	Consolidated feedback	Action Taken
1	The consolidated feedback of the students about R18 syllabus is satisfactory yet students have suggested to incorporate a few topics that can be helpful for job opportunities.	Changes have been incorporated into the syllabus of R20 basing on the feedback of the students. A mandatory course on Employability Skills is introduced for study in various semesters.
2	Students have advised a few changes tuning to the needs of the industry and suggested skill oriented courses.	Workshops and seminars have been conducted for improving interpersonal skills. During Induction program me industrial visits have been organized.
3	Majority of the students have felt the relevance of having aptitude and verbal ability classes to face job screening test.	Aptitude classes have been assigned to the faculty of mathematics,H&S in the timetable itself.
